## PROFESSIONAL PROFILE

Experienced IT Professional and NetSuite Consultant with **8 years of hands-on experience** delivering enterprise systems, ERP customisations, and scalable web applications. Strong background in **NetSuite (SuiteScript 2.0), backend development, integrations, and cloud-based solutions**. Known for translating business requirements into reliable technical solutions, resolving complex issues, and collaborating with cross-functional teams.

---

## PROFESSIONAL EXPERIENCE

### Senior NetSuite Developer

**Outsourcey (Client: TAC Solutions Group – NetSuite Partner)** | Philippines
*October 2025 – Present*

- Develop, test, and deploy NetSuite customisations using SuiteScript 2.0 to support client business processes.
- Design and implement API integrations between NetSuite and third-party systems.
- Act as a NetSuite Subject Matter Expert, advising on application architecture, data quality, security, and analytics.
- Troubleshoot and resolve complex production issues, reducing client downtime and improving system reliability.

---

### Principal Technical Consultant

**Oracle NetSuite** | Makati, Philippines
*April 2024 – September 2025*

- Led end-to-end design, development, and deployment of NetSuite customisations and integrations using SuiteScript 2.0, SuiteScript 1.0, XML and FreeMarker.
- Delivered technical solutions across multiple customer engagements following Oracle best practices.

- Collaborated closely with functional consultants and stakeholders to align technical delivery with business needs.
- Provided escalation support and root-cause analysis for critical client issues.

---

## Backend Developer

**Collabera Technologies Inc.** | Makati, Philippines
*October 2022 – April 2024*

- Improved backend performance by analysing workflows, optimising code, and resolving production defects.
- Worked with cross-functional teams to deliver scalable and maintainable backend services.
- Proposed and implemented enhancements based on industry trends and system performance analysis.

---

## Technical Analyst III

**Tellysystems Inc.** | Makati, Philippines
*February 2022 – October 2022*

- Contributed to BPI Vybe 2.0 enhancements in partnership with Indivara and Cartera.
- Developed and integrated the Foresight Payment Gateway for SBMA locators.
- Integrated ERP systems with third-party applications to streamline payments and reporting.
- Designed and delivered technical training sessions to improve team coding standards.

---

## Agile Software Engineer

**Twist Resources Inc.** | Clark Freeport Zone, Philippines
*April 2019 – January 2022*

- Co-developed **TwistHRM**, an internal HR management platform using ReactJS and NodeJS.
- Maintained and enhanced eCommerce platforms including FitMyCar and Amgrow Home Garden.
- Contributed to a teleconsultation platform with payment, lab request, and patient-doctor modules.
- Worked in Agile Scrum teams, improving delivery predictability and product quality.

### General IT Staff / Technical Support

**Subic Bay Marine Exploratorium Inc.** | Philippines
*September 2018 – April 2019*

- Managed network infrastructure, system security, and backup processes.
- Provided technical support across departments, improving system uptime.

### IT Staff / College Instructor

**College of Subic Montessori** | Philippines
*April 2017 – September 2018*

- Delivered IT support and system maintenance for academic operations.
- Taught programming and computer hardware subjects, mentoring undergraduate students.
